Khuba Shri Bhagwanth

Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether the Government is planning to frame cyber safety policy;

(b) if so, the details thereof; and

(c) the timeframe for introduction of such policy?

Answer

(a), (b) and (c): At present, there is no proposal before the Government to frame a separate cyber safety policy, as the National Cyber Security Policy published by the Government on 2nd July 2013 articulates a clear vision to build and promote a safe, secure and resilient cyber space for citizens, businesses and Government. This policy contains specific provisions aimed at creating awareness among the users with regard to safe and secure use of cyber space. The Government is alive to improve the entire cyber security infrastructure in view of the rising threats and appropriate follow up in an ongoing process.
